Kaycie Maddox

Northeast Georgia RESA, Director of 9-12 Mathematics

Here are some details. . .

- Northeast Georgia RESA **AP Statistics Professional Learning Community**
- **Started** in August of 2006 by Sandy Blount, the University of Georgia Office of PRISM
- **Continued** by Kaycie Maddox, Northeast Georgia RESA, starting in August 2008
- **Expert from higher education**, Christine Franklin, UGA, meets with the group monthly
- **17 members** from the high schools in the NEGA RESA region
- **Advertised** within the school districts of NEGA RESA and by word of mouth
- **Monthly meetings** from 5:30 to 7:30 PM
- **Agendas** set by the members of the PLC

Our work over the years. . .

- AP Audit collaboration
- GCTM presentations
- Unpacking of AP Statistics learning objectives with resources
- Pacing
- Review strategies
- Assessing Free Response Questions from the College Board
- Creation of problems for submission to the College Board
- Mock Exam
- Facilitation of the assessment of the Free Response Questions for the Mock Exam
- Creation of problems for submission to Clemson University Statistics Department for the mock exam

More from our members. . .

- Why is the AP Statistics PLC viable?
- Why do you participate?
- How much time does it take to benefit from participation?
